ESSER III Plan and Budget Sheridan School District

Address student needs arising from the coronavirus pandemic and/or to emerge stronger post-pandemic, which may include reopening schools safely, sustaining their safe operation, and addressing students' social, emotional, and mental health. Address unfinished learning through the implementation of evidence-based interventions and ensure that those interventions respond to students social, emotional, and academic needs and address the disproportionate impact of COVID-19 on underropresented student subgroups (each major racial subgro		OUTCOMES	Supporting Strategy							
From the coronavirus pandemic and/or to emerge stronger post-pandemic, which may include reopening schools safely. Sustaining their safe operation, and addressing students' social, emotional, and mental health. Address unfinished learning through the implementation of evidence-based interventions and ensure that those interventions respond to students' social, emotional, and academic needs and address the disproportionate impact of COVID-19 or underrepresented student subgroups (academic needs and address the disproportionate impact of COVID-19 or underrepresented student subgroups (academic needs and address the disproportionate impact of COVID-19 or underrepresented student subgroups (academic needs and address the disproportionate impact of COVID-19 or underrepresented student subgroups (academic needs and address the disproportionate impact of COVID-19 or underrepresented student subgroups (academic needs and address the disproportionate impact of COVID-19 or underrepresented student subgroups (academic needs and address the disproportionate impact of COVID-19 or underrepresented students, students, students experiencing hornelessness, and children with disabilities, English learners, students academic needs and address the disproportion of the disabilities, English learners, students experiencing hornelessness, and children and youth in foster care). Transportation and meals provided. Strategy #2 Strategy #2 Strategy #3 Address unfinished learning through the implementation of summer programs. Engaged students in hands-on learning K-8, provided students grades 9-12 with earning credits not attained during the 2020-21 school year. (Required math amount) Student participation included underrepresented student subgroups (children from low-income families, children with disabilities, English learners, students experiencing hornelessness, and children in foster care). Transportation and meals provided. Expenses related to opening and keeping schools open: Custodial, Transportation, Air Ventilation, TOSA			S1	S2	S3	S4	S5	S6		
through the implementation of evidence-based interventions and ensure that those interventions respond to students' social, emotional, and academic needs and address the disproportionate impact of COVID-19 on underrepresented student subgroups (each major racial and ethnic group, children from low-income families, children with disabilities, English learners, gender, migrant students, students experiencing homelessness, and children and youth in foster care). Strategy #1 Address unfinished learning through the implementation of summer programs. Engaged students in hands-on learning K-8, provided students grades 9-12 with earning credits not attained during the 2020-21 school year. (Required match amount) Student participation included underrepresented student subgroups (children from low-income families, children with disabilities, English learners, students experiencing homelessness, and children in foster care). Transportation and meals provided. Expenses related to opening and keeping schools open: Custodial, Transportation, Air Ventilation, TOSA position as available floating substitutes. Addressing issue of equity by adding bus routes (students riding the bus are typi quarantined because we cannot guarantee social distance). Adding floating substitutes allows continuity of instrut for all students. Strategy #3 Providing childcare for staff so that they may be available to work. There is a significant lack of childcare options in the Sheridan community. Student intervention groups include underrepresented students (children from low-income families, children with disabilities, English learners, students experiencing homelessness and children in foster care). Transportation available for after-school intervention groups.								

ESSER III Plan and Budget Sheridan School District

Strategy #5	Provide support at the high school level for addressing student behavior needs. Dean of students position to sustain the implementation of PBIS, along with support plans addressing students' social, emotional and mental health needs.
Strategy #6	Maintain student distance at 3', teacher to student at 6' by lowering class sizes. Adding an elementary teacher allows students and teacher to maintain a safe social distance, preventing the need to quarantine students at that grade level (when other grade levels will not need to quarantine because there are fewer students).
Strategy #7	Technology - continued to be prepared for online instruction. Equitable access to instruction by checking out Chrome Books in support of online learning. NOTE: aligned primary strategy column did not allow the option for strategies 6 & 7
