Interdistrict Transfer of Resident Students

Release of Resident Students

The Board recognizes there may be circumstances that arise in which a resident student may benefit from attendance in another public school in the State. Consequently, a student who resides within district boundaries may be released, under criteria identified in administrative regulation, to attend school in another district that agrees to accept the student. The agreement will be by written consent of the affected school boards or designees whereby the student becomes a “resident student” of the attending district, allowing the attending district to receive State School Fund monies. Any additional fees or tuition costs are the responsibility of the parent.

When the resident district approves the release of a resident student to another school district, the student or their parent(s) will be solely responsible for transportation unless federal or state law requires transportation be provided by the district. When a resident student, who is on an individualized education plan (IEP), is accepted to another district by an interdistrict transfer, the attending district becomes responsible for a free appropriate public education (FAPE).

Additionally, an inter-district transfer of a resident student will be permitted, as appropriate, to meet the requirements of the Every Student Succeeds Act of 2015 (ESSA).

The district may not impose any limitations on the length of time for which consent is given to the student requesting release to another district.

The district shall not require a student to receive consent more than one time when the student requests admission to the same receiving district, regardless of any time limitations imposed by the receiving district.

The district shall allow the student whose legal residence changes to a different district during the school year or summer between school years, to complete the school year in the district if the student chooses to do so.

Safe Public School Choice Transfer Requests

An inter-district transfer¹ may also be permitted in the event a student has been a victim of a violent criminal offense occurring in or on the grounds of a school the student attends or the student attends a school identified as persistently dangerous, and all other district schools the student may transfer to are also identified as persistently dangerous or there is no other district school to which the student may transfer. The transfer must be to a safe school.

Homeless Student

A homeless student residing in the district and the student's parent, or in the case of an unaccompanied student, the district's liaison for homeless students, may request that the student attend their school of origin², located out-of-district. The request will be considered based on the best interest of the student. The student may continue in their school of origin for the duration of the student's homelessness. Transportation will^{FN:3} be provided in accordance with law.

The superintendent is directed to establish procedures for the review of student requests to attend school in another school district.
