TRAVEL AGREEMENT

Travel expenses include travel fares, meals and lodging (for *overnight stays*) and expenses incident to travel. Only travel expenses considered ordinary and necessary in the conduct of approved travel for district business purposes and directly attributable to it will be reimbursed.

Expense reimbursement for staff traveling on approved district business will be governed by the following guidelines.

Meals

Reimbursement will be made for ordinary and necessary meal expenses incurred in the course of approved travel for district business (overnight). Meals include amounts spent for food, non-alcoholic beverage (*excluding specialty coffee drinks and energy drinks*), taxes and related gratuities. (*Alcoholic beverages, specialty coffee drinks and/or energy drinks will not be reimbursed by the district and should not be listed on any receipts you wish to receive reimbursement for. If these items are listed on a receipt, that entire receipt will be excluded from the expense reimbursement.*)

Gratuities in excess of 15% are the responsibility of the employee and will not be reimbursed by the district unless automatically added as a requirement by the restaurant for groups of certain sizes.

Mileage

When travel is pre-approved by the Superintendent and/or Building Administrator, mileage will be reimbursed at the current IRS rate per mile. If staff members choose to ride-share to the same event, only the individual driving may be reimbursed for the mileage.

It is the responsibility of the vehicle owner or driver of the vehicle to be certain that the vehicle is adequately covered by insurance.

The responsibility of the district for damages resulting from vehicle accidents is not the same as set forth in the district's general liability insurance policy. The employee's insurance coverage provides primary coverage when the employee is driving his/her own vehicle on approved district business.

All district employees operating private vehicles on approved district business are required to complete and maintain on file with the district verification of vehicle liability insurance that meets or exceeds Oregon statutory minimum limits.

Reservations, Commercial Carrier and Lodging

Travel must be conducted in the most expeditious and cost-effective manner, as determined by district.

Once a purchase order has been assigned for approved travel, each employee is responsible for making his/her own reservations, unless a group/committee coordinator/leader is taking on this responsibility.

Expense Reimbursement Request and Accounting Procedures

Reimbursement requests detailing actual expenditures must be submitted on the Sheridan School District Travel and Expense Reimbursement Form and must be approved by the Superintendent and/or Building Administrator. Receipts and supporting documentation must accompany all expense reimbursement requests.

Please note that the above listing of policies is in summary form. For a complete detailed list of district policies related to Staff Travel and Expense Reimbursement please see Section DLC-AR of the District Policy Handbook.

I have read and understand the above travel and expense reimbursement policy/guidelines.
